

The main EcoOne logo features a blue house icon with a white window above the word "EcoOne" in a large, black, serif font. A green leaf sprout is above the "o", and a blue and green globe is the letter "o". Below the name is the tagline "Redesign Affordable Living" in a smaller, italicized serif font.

## SOLAR PANEL DETAIL

Eco-One Homes have been engineered to endure most types of GEO EVENTS. In addition we have added options that can prevent expensive annual maintenance costs and most importantly, lower your expenses for insurance, electricity, and other pesky costs that come with homeownership. As we say, it is the way your home is built that will help reduce your out of pocket expenses for many years to come.

## SOME BASIC DIFFERENCES

	Eco-Protection	Conventional Construction
 <b>Termite free</b>	Yes	No
 <b>Mold free</b>	Yes	No
 <b>Eco Friendly</b>	Yes	No
 <b>Hurricane Resistance</b>	Absolutely	Minimum

# INTEGRATED NO GLASS SOLAR ROOF SYSTEM (OPTIONAL)

\*\*Up to 100% of the grid capable.
