

Redesign Affordable Living

TRIPLEx HOMES

*A system of galvanized steel exterior & interior
for maximal load pressures*

Safety Benefits

- Speed of construction
- R-factors are increased thus lowering your electric cost and long term maintenance
- Impact, mold resistance, durability, hypoallergenic.
- G60 & 90 structural enforcements (marine grade)
- 20 years structural guarantee
- No rust or heavy maintenance for years to come
- May be upgraded to a Maxshield Strength

① Complete Steel Structures

② Insulation from Top to Bottom

③ Backed Board M90 Based

④ Mesh tape and polimer based mortar for added insulation & water tight proofing

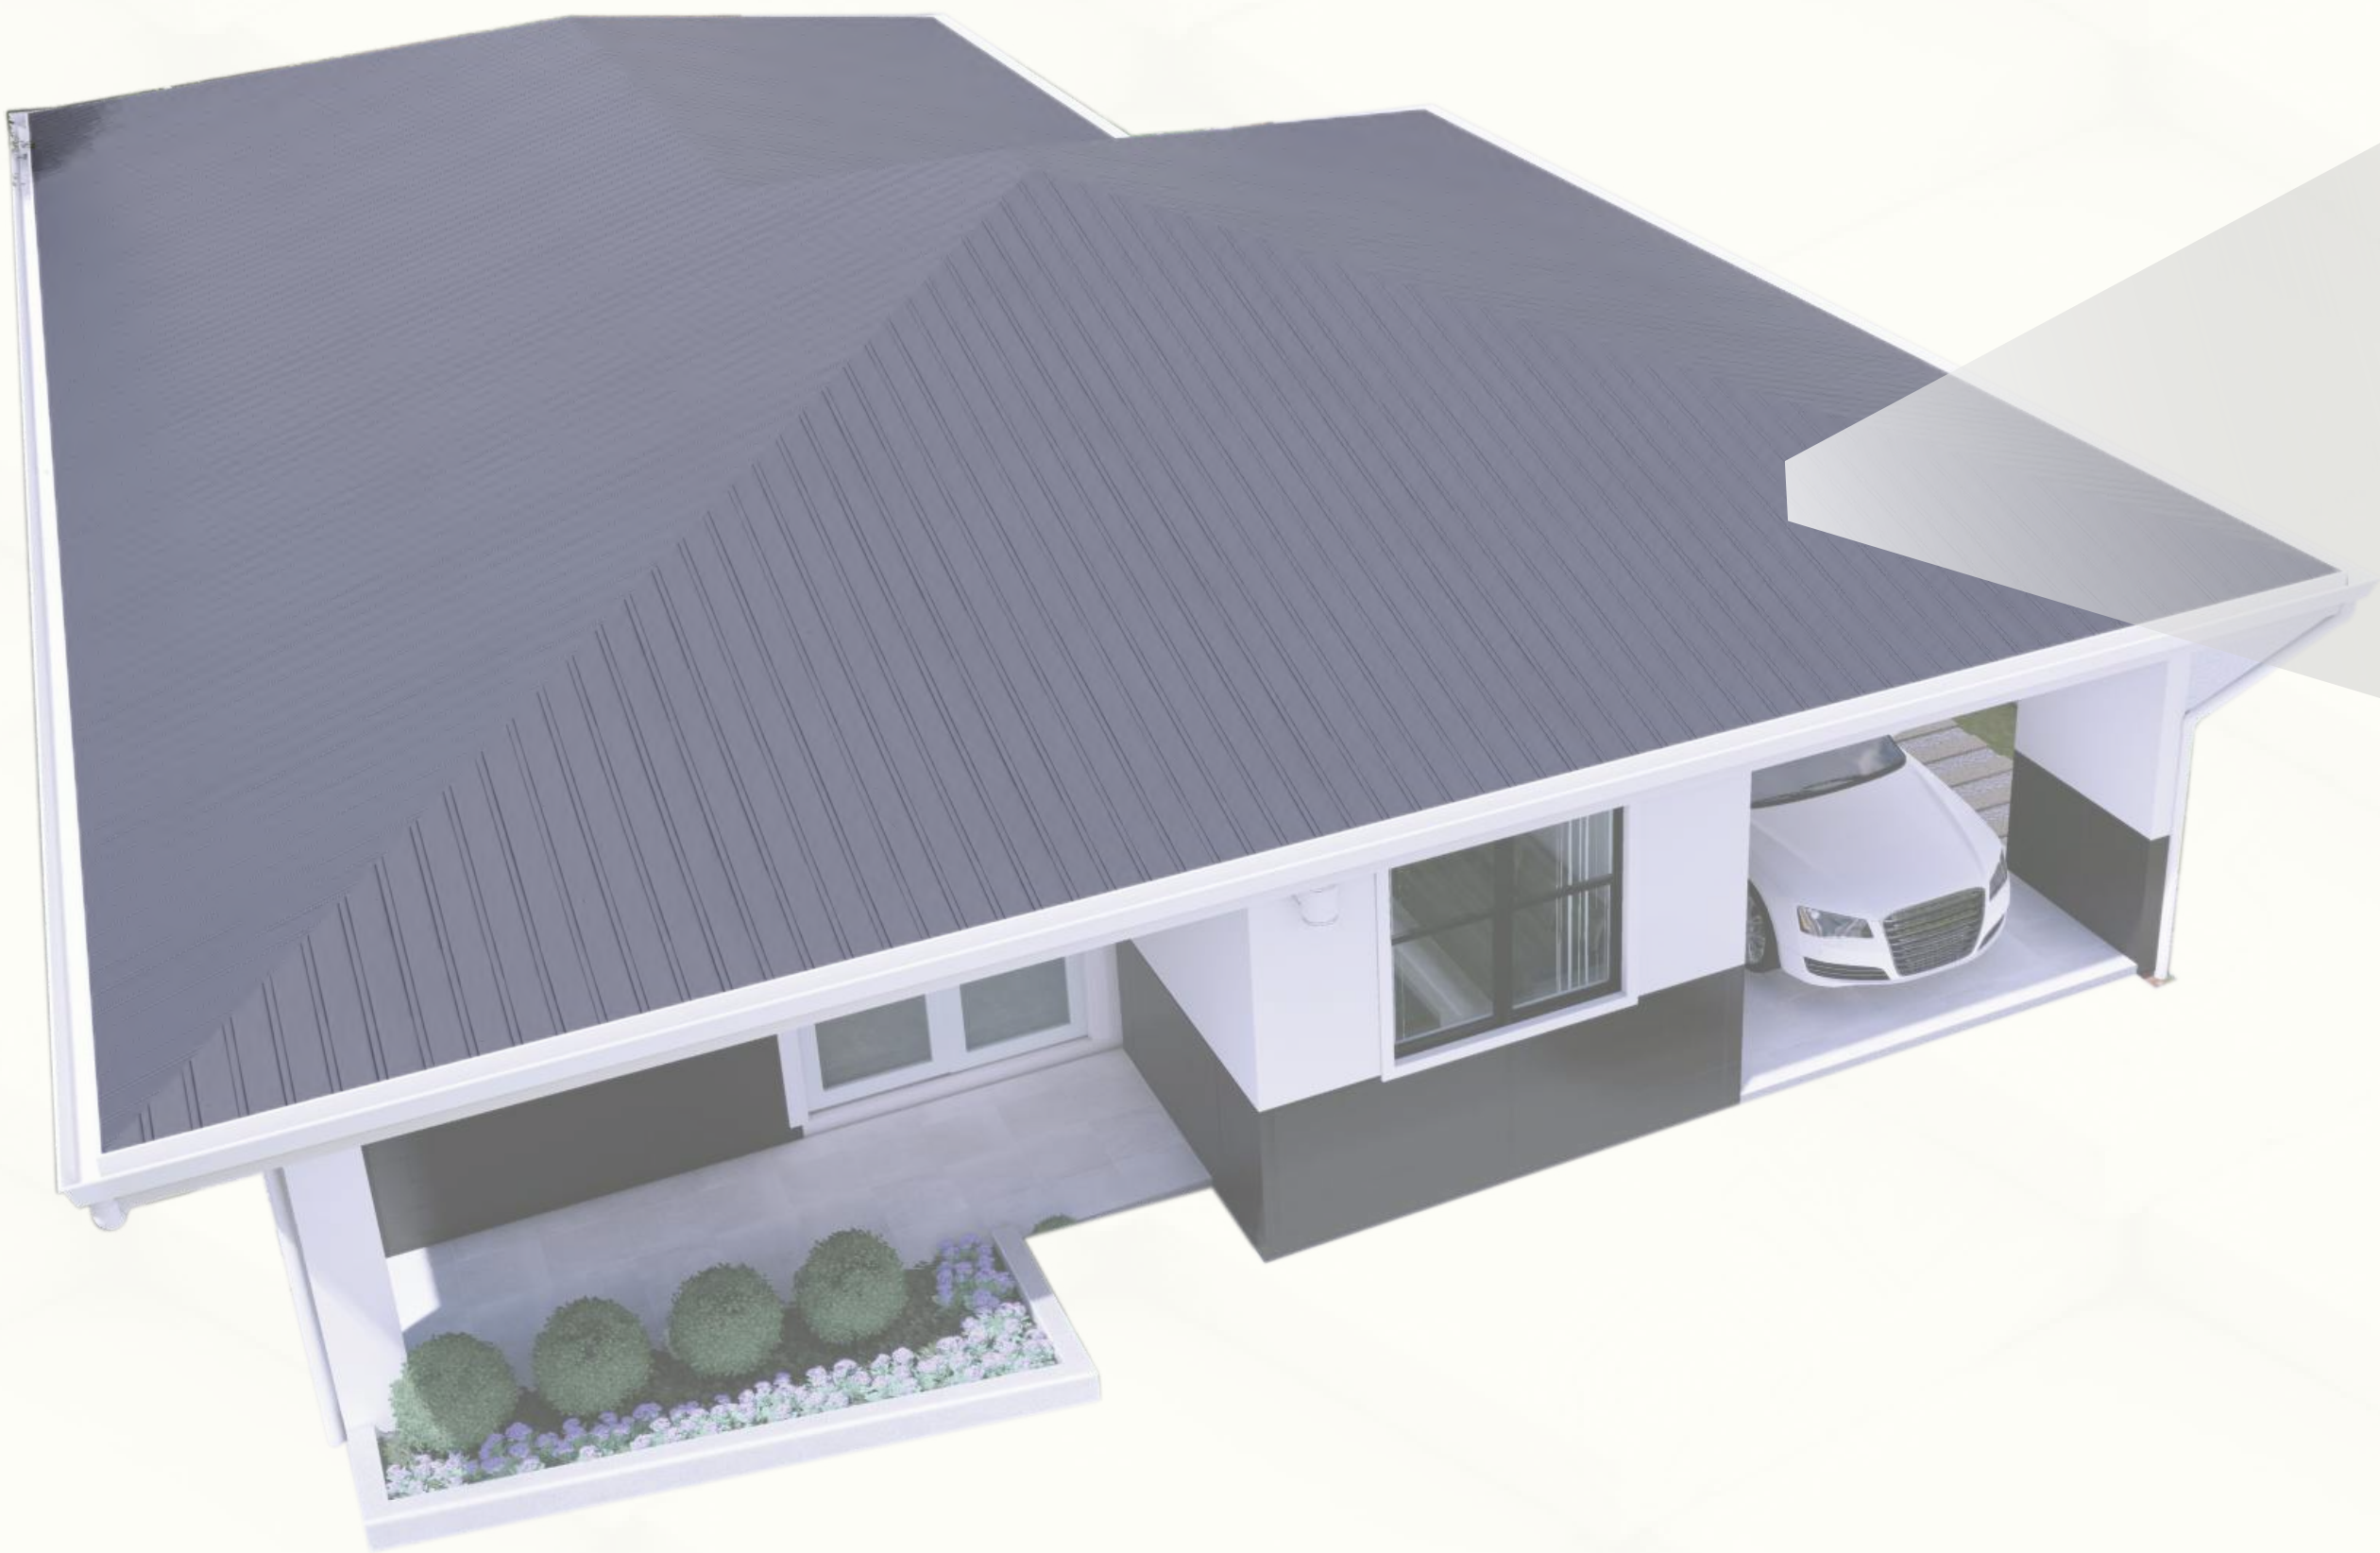

⑤ Membrane based additives for extreme impact resistance

⑥ Final Finishes to add additional protections at your option

Roof Deck

11 Covered layers

8 Layers

2 waterproof
membrane layers
